

Harlequin Scuba a professional and small dive center that's big on service are looking for Dive Instructors and Dive Control Specialist to start sometime in April 08 for diving and sales.

Preferably instructors will be able to teach EANX specialty. As we offer the only Nitrox facility on Phi Ph islands.

SSI and Padi is essential for instructor positions. Preference for those already in Thailand / or nearby. English essential, but extra languages French, German, Dutch, or Scandinavian would be great. Job will be ongoing through the low season and next high season. Assistance can be provided for work permits and Gas blending training is available on site.

The position would suit those that enjoy island life have pride in giving good service, and are looking at committing to at least 6 months. [would also suit a motivated couple]
